'THE TOXIC AVENGER' A dopey, intermittently funny musical version of the cheapo Troma picture. A geek turned monster in New Jersey tears the limbs off evildoers while singing pop-rock anthems. The cast is fun, but Joe DiPietro's book and David Bryan's music are mostly mediocre (1:40). New World Stages, 340 West 50th Street, Clinton, (212) 239-6200. (Isherwood)
